360° Service Coverage

360° Cybersecurity, Governance & Compliance Coverage for SMBs

At SecureGovernComply®, we simplify the complex world of cybersecurity and compliance for small and mid-sized businesses. Our 360° portfolio protects your business from evolving threats, ensures regulatory alignment, and delivers the peace of mind you need to focus on growth.

Built on three pillars—Secure, Govern, Comply—our services provide the right mix of protection, oversight, and assurance to keep your business resilient and future-ready.

SECURE - Protect Your Business from Cyber Threats

Keep your systems, users, and data safe with proactive defenses and continuous monitoring.

MFA360™

Multi-factor authentication powered by Microsoft 365 to protect user access.

ManagedEndpoint360™

Automated patching and endpoint management to close vulnerabilities.

Remediation360™

Fast resolution of identified security weaknesses.

Password360™

Simplified, secure credential management with 1Password.

PhishTest360™

Real-world phishing simulations and awareness testing.

Aware360™

Ongoing security training that builds a stronger, more alert workforce.

GOVERN – Gain Control of Your IT Environment

Establish oversight and alignment with IT best practices that support your growth.

ManageOffice360™

Microsoft Office 365 assessment and management for secure productivity.

ManagedGoogle360™

Streamlined Google Workspace setup and governance.

ManagedMigration360™

Seamless migration from on-premise to cloud.

BestPractice360™

Independent review of policies, processes, and controls.

NetworkEvaluation360™

Risk evaluation of acquired networks during M&A activity.

COMPLY – Meet Standards & Demonstrate Assurance

Stay compliant with regulations and reduce risk exposure with smart, efficient solutions.

ComplianceManager360™

Virtual compliance manager powered by Apptega.

CyberInsure360™

Cybersecurity insurance assessments for renewals.

PCI Scan Service

Affordable scanning to ensure PCI DSS compliance.

Automated Penetration Testing

Continuous testing to uncover and fix exploitable gaps.

The SecureGovernComply Difference

We deliver enterprise-level cybersecurity scaled for SMBs—
affordable, effective, and easy to manage.

Our approach provides:

Comprehensive 360° Coverage

One partner for security, governance, and compliance.

Affordable Scalability

Enterprise-grade protection without enterprise-level costs.

Trusted Partnerships

Solutions powered by leaders like Microsoft, Google, 1Password, Kaseya, and Apptega.

Business-First Focus

Simple, actionable solutions designed to reduce risk and support growth.

Every SMB deserves the same level of cybersecurity, governance, and compliance that large enterprises rely on—without the complexity or cost. With **SecureGovernComply's 360° Coverage**, you gain a trusted partner who keeps you secure, governed, and compliant—today and tomorrow.

SecureGovernComply™ – Complete Cybersecurity, Governance, and Compliance for SMBs.
